Dear Ms Maiese,

**Submission to the Department for Energy and Mining (“the Department”) Retailer
Energy Productivity Scheme (“REPS”) - Consultation Paper**

The Energy and Water Ombudsman (SA) Limited (“EWOSA”) welcomes the opportunity to comment on the Department’s REPS - Consultation Paper (“the Consultation Paper”).

EWOSA is an independent Energy and Water Ombudsman Scheme in South Australia. It receives, investigates and facilitates the resolution of complaints by customers with regard to (*inter alia*) the connection, supply or sale of electricity, gas or water.

EWOSA broadly supports creation of a targeted and efficient REPS Scheme. We consider that a key criterion is a continued measure of cost vs benefit for the REPS programs.

We endorse incentivising deeper retrofits to target priority group households and the move away from mainly lightbulbs and showerheads.

Thank you for consideration of this submission. Should you require further information or have any enquiries in relation to this submission, please contact Jo De Silva via jo.desilva@ewosa.com.au or phone (08) 8216 1851.

Yours sincerely,
